It is the apparently the same address and probably the same company but the name is not the same. That was an ER probably to the CES Environmental Services Site but why she called it Houston Methanol Explosion is beyond me. I think we need a new SSID for this one.

Subject: Request for SSID - CES Houston

Hello:

Please make this request. You may have to talk with Bob Werner for the Enforcement Codes but if the normal ones are included I am sure that will be fine.

Bob:

It is still up in the air if we are going to take action or not so we need to limit the charges to the accounts for this site.

Thanks
